

## Part 135 Charter

Time is one of the most sought after commodities for today's business executive. Charter is a very cost effective way to utilize your limited time without the hassles of commercial airline service. We work around your schedule, resulting in less down time and increased productivity. Charter services are surprisingly affordable and chartered aircraft offer a private environment in which to relax and conduct business.

### Current Fleet

Challenger 601	9 Passenger
Gulfstream G200	10 Passenger
